

SPOT DISCOVERY!

FIELD ASSISTANT PROFILE: SPOT

MY CODE NAME:

Spot. Official Chief Excitement Officer and Nib's robotic field assistant.

MY PROBLEM:

My curiosity circuits may be slightly overpowered. A weird rock, a mysterious hole, or a strange bug can instantly turn a normal day into an emergency investigation.

MY GEAR:

Advanced scanners, reinforced adventure legs, and a red scarf for maximum exploration efficiency.

MY FAVORITE QUESTIONS:

- ☆ "Can we explore it?"
- ☆ "Can we dig it up?"
- ☆ "Is it amazing?"

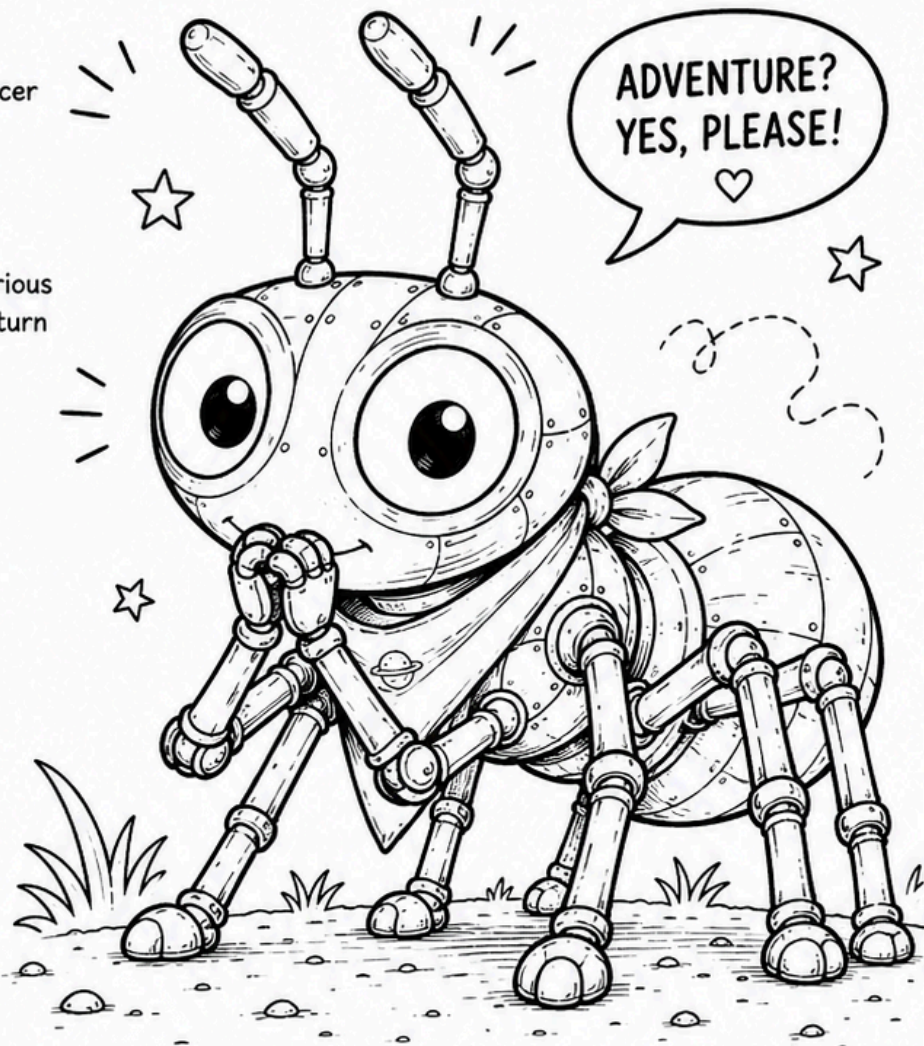

MY PROMISE:

If something strange, wonderful, shiny, mysterious, or buried exists nearby, I will probably find it.

MY EVIDENCE:

Nib handles the facts. I handle the excitement. Together, we make a surprisingly effective research team.

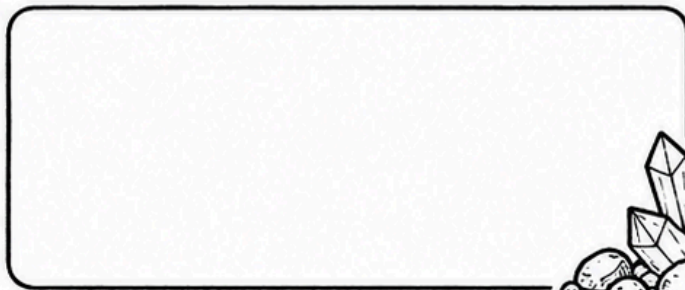

SPOT'S DISCOVERY MISSION

What mysterious, weird, or wonderful thing will you investigate today?

1. _____
2. _____
3. _____

DRAW YOUR DISCOVERY!

Draw something amazing you found (or want to find)!
